## **Over a century of grand piano making**

Unparalleled in their beauty and musical range, grand pianos are the ultimate expression of the piano maker's art. Embodying over 100 years of accumulated expertise, these instruments epitomize the quality, performance and value for which Yamaha has long been renowned, as we enter the second century of Yamaha grand pianos.

## **Crafted with uncommon care and integrity**

Yamaha grand pianos have earned a global reputation as instruments of outstanding quality and value. Renowned for their eloquent expressive range, and for their reliable performance over time, they play an important role in the performing arts and music education. They are consistently among the pianos most highly recommended by piano tuner/technicians and a leading choice of pianists at all levels, all over the world. The Yamaha reputation rests on a century-long tradition of uncompromising care and craftsmanship, supported by an unmatched range of integrated expertise, top-of-the-line production facilities, and an exceptionally skilled, knowledgeable and dedicated workforce. Our strength in the full range of relevant technologies allows us to produce virtually every part of every piano ourselves – an approach that has helped us initiate significant advances and set what has long been recognized as the industry standard in quality control.

An open dialog with professional musicians generates invaluable input that, in conjunction with sophisticated research facilities, has led to continual advances in each new generation of Yamaha pianos. Our global network offers Yamaha customers additional advantages, from cost-efficient regional manufacturing to the ready availability of sales and support throughout most of the world.

Balancing cutting-edge technology and innovation with the timeless skills of expert artisans, Yamaha pianos have come to represent an unsurpassed standard of affordable excellence. It is a standard that continues to generate ever-higher acclaim and make Yamaha grand pianos the first choice of many of the world's most discriminating pianists.

#### **Yamaha Servicebond<sup>SM</sup> Assurance Program**

The Yamaha Servicebond<sup>SM</sup> Assurance Program is provided to the customer, without additional charge, 3-8 months after delivery of their piano. This service is a thorough check up and adjustment procedure to "rejuvenate" a piano after play-in and acclimation to its new environment. After 3-8 months or so of settling and becoming acclimatized, the piano will receive the benefit of a service visit to return it to the conditions specified by the manufacturer.
